Welcome!

The **UBC Computer Science Student Society (CSSS)** represents the student body of one of Canada's top CS programs.

We are ensuring that students have access to a wide range of industry and academic opportunities, with the CS community at UBC actively serving as a hub of innovation and excellence.

We bring the largest and most exciting events to campus, including our annual UBC Technical Career Fair, our premier event since 1994.

Your partnership puts your visibility at the forefront of **over 3,000 students**. We invite you to attend, support, and host our industry events. In return, you'll have the opportunity to establish talent pipelines and align your brand with high-impact initiatives across design teams, hackathons, and industry fairs.

If you have any questions regarding our flagship events, the Technical Career Fairs, or our general sponsored events, please send them to vp@ubccsss.org.

Iris and Emilie

Vice Presidents, External

UBC Computer Science Student Society

General Event Pricing

- **First event:** \$500*
- **Second event:** \$300
- **Three+ events:** \$250/event

** For companies that wish to attend the in-person TCF, pricing will start at the second event rate.*

Additional Details on Hosting General Events

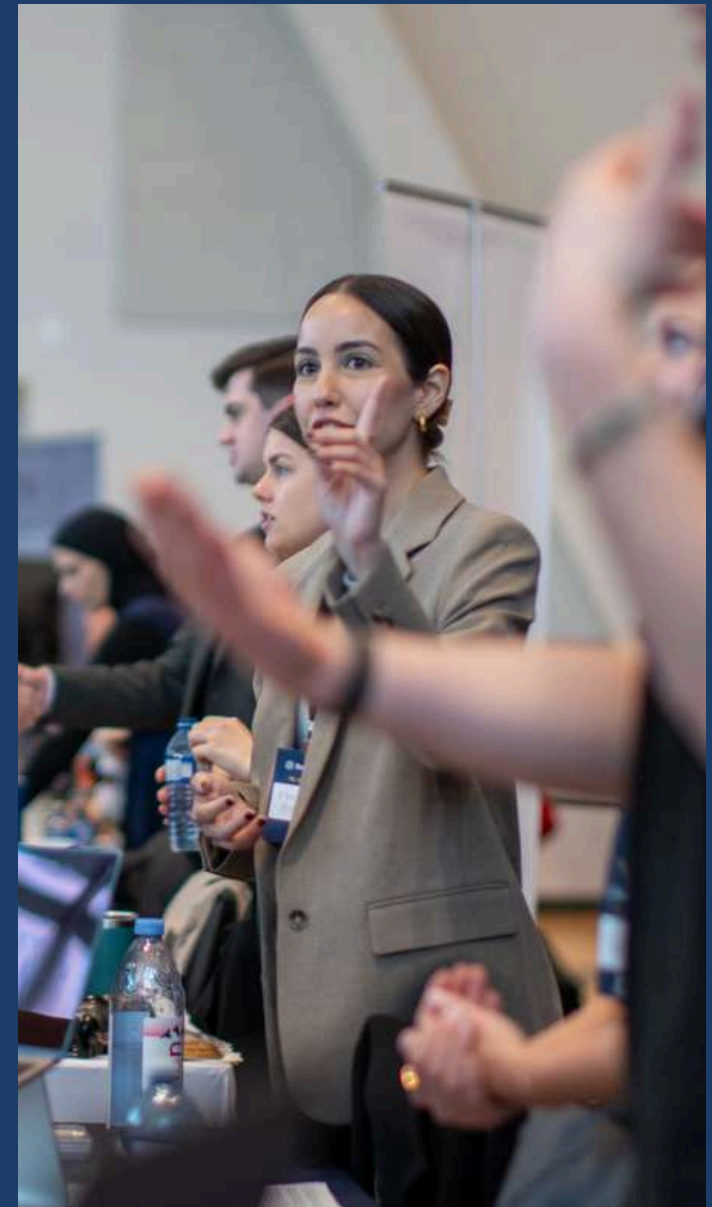

- Events can take place anytime during the academic year: September 2024 – May 2025
- Additional sponsorship may be required depending on the nature of the event, (e.g., contributing to hackathon prizes)
- If you're interested in other partnerships (e.g., scholarships, office tours), please reach out—CSSS is open to discussing opportunities

Examples of Company-Sponsored Events

- **Career Workshop Series:** CSSS offers workshops on resumes, networking, AI, startups, and more. Partner with us to host a workshop and receive ongoing invitations to related events.
- **Company-Sponsored Competitions:** We help host company-specific competitions, such as hackathons, case competitions, and coding contests, based on interest.

Benefits of CSSS Partnership

- Highlight your company and team at CSSS events
- Spot top talent at various CSSS competitions and events
- Foster early-career growth and nurture potential teammates from UBC students
